Euphoric Image is a Scottish company specialising in the design and manufacturing of bespoke Lead Overlay Stained Glass products such as mirrors, windows, clocks, vases and sun catchers.

Each piece is individually handcrafted to your specifications to allow you to buy or stock a truly beautiful, unique product.

We have an ever expanding selection of designs to choose from in different styles such as Mackintosh, Celtic, Mantle, Abstract, Floral, Childrens, Garden and New designs.

To make your purchases individual there are options which allow you to get involved in the design process.

You can choose your design from our plentiful range, size and shape, colours from the vast

selection, replace elements like alternative Celtic knotwork or even select elements from different designs you like. We handcraft items perfect for your individual tastes and bring your thoughts and ideas alive.

Tell us what you want and we will send you some designs.

PROPORTIONS & SIZES

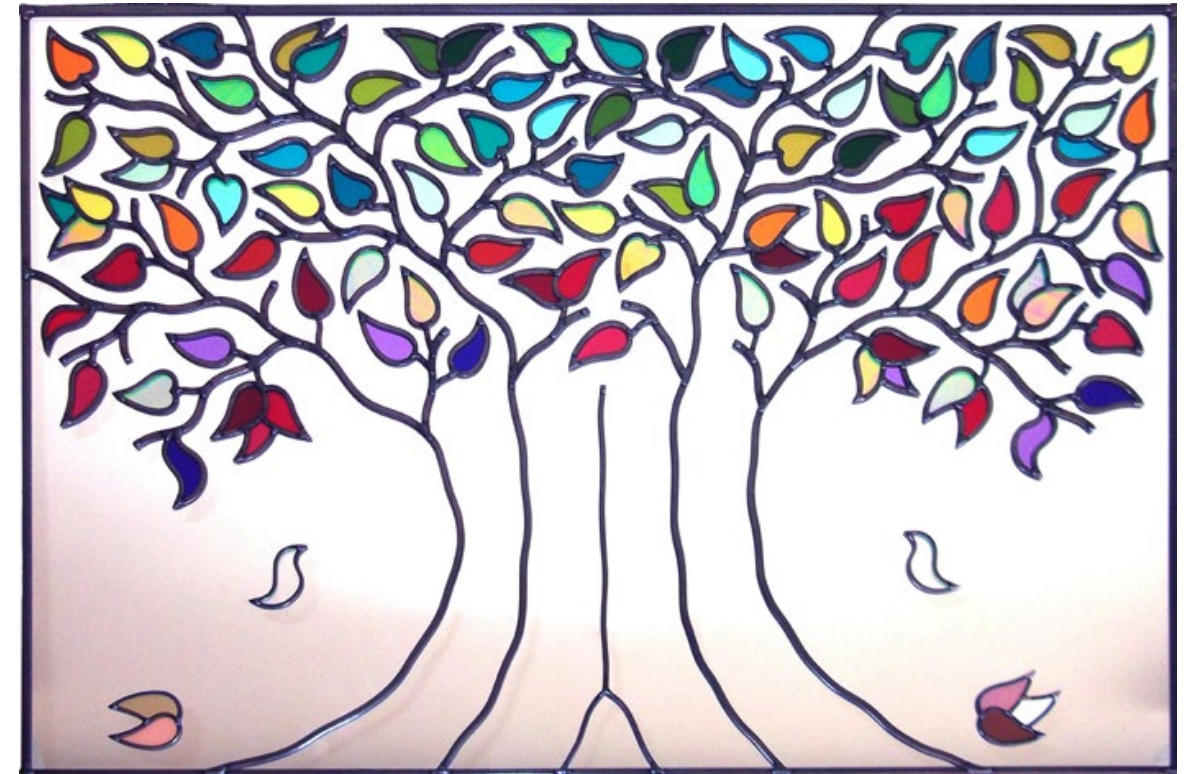

All designs in this catalogue can be altered in size and shape depending what you are looking for.

Our most popular design is our stunning Tree design. As you can see it comes in different shapes and sizes. The larger we make it the more leaves we can add and vice versa.

We can send you the illustrated design you choose in the shape required to let you see how it will look when completed.

Charles Rennie Mackintosh was an architect, designer and artist born in Glasgow, who is also well known for his designs of stained glass. Our stained glass design combines the geometric rectangles of different proportions with the curving stem and typical Mackintosh rose features.

All our Mackintosh inspired designs reflect his style and are classic yet contemporary.

CELTIC ALTERNATIVE FEATURES

Below is a large selection of Celtic knotwork which you can choose to alternate in the Celtic designs. This allows for further personalisation of your purchase.

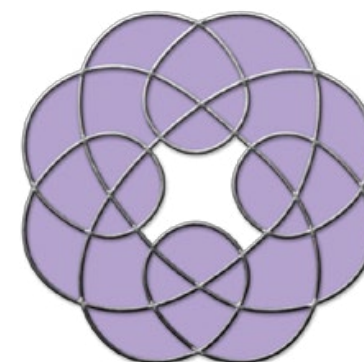

The Celtic knotworks work wonderfully for a beautiful clock or a suncatcher found in their own section of the catalogue.

Please note in regards to the below tree designs. They can alter slightly each time due to each leaf being individually hand picked for design unity and flow. This results in a one off piece each time. Depending on the size and shape chosen alters the amount of leaves we can use. Please refer to Sizes and Proportions of the tree design for a better idea.

WINDOWS

We work with you to create individual items to your needs. We make stunning stained glass windows to fit into your existing frame or fit over existing windows so no need to replace the glass. It is just adding another layer over the top held in place with beading or we can put the window into a matching frame that can be attached to your existing frame.

Our amazing clocks are proving very popular.

We make them any size you want and can even incorporate them into a larger mirror.

Have a look at our range of designs throughout the catalogue or our choice of Celtic alternative features.

If you need help or have your own idea for a personal clock then say hello and we will take it from there.

Individually or as a matching set our vases are works of art in themselves.

Even empty they add colour and interest to a room with light casting design to their surroundings.

At night a t-light candle looks lovely flickering out radiant colour and shadows.

We handcraft vases to match mirror designs so you can have a set.

We source any size or shape of vase you would like.

Pick a design you like below and let us know the shape and size required.

SPECIAL ORDERS

We adore special orders. They give us an opportunity to showcase our talents.

You may just have a thought in your head for a window, mirror, clock, vase, suncatcher or whatever. We will make that thought into a beautiful piece of individual artwork. I'm sure you will enjoy getting involved in the design of your next talking piece.

COLOURS

We use the finest quality high tech vinyl specifically manufactured for this sole purpose. The UV filters give excellent weathering performance and a 90% UV filtration providing the comfort that furnishings are protected from fading in direct sunlight. The colours are guaranteed not to fade, crack or de-laminate.

We can help and advise with colour selection or leave you free to create your own individual piece from your extensive range. We can send you a design you like with numbers where colours can go.

All colours in the catalogue are as close a graphic representation as possible. Colours can vary slightly depending on light variation or during the hand blending process of manufacturing.
